Donor's family

Her family appreciates peace the most, that's why they decided to move to the village 20 minutes from the big city. She has her own garden and loves raising plants and having her own potatoes, tomatoes and cucumbers. She often bakes delicious cakes for her husband and children and they spend quiet evenings on their yard.

Biological mother: 1975, healthy.

Biological father: 1974, healthy.

Biological sister: 1994, healthy.

Biological sister: 2015, healthy.

Biological maternal grandmother: 1941, healthy.

Biological maternal grandfather: 1942, healthy.

Biological paternal grandmother: 1956, healthy.

Biological paternal grandfather: 1941, healthy. Why did she decide to become a donor

Family is the most important thing for me and I would like everyone to have the same happiness I have.
